We wanted to dedicate our yearbook to someone who was gorgeously beautiful, possessed a sparkling personality, had a witty sense of humor and never gave any homework. Unfortunately we could not find a suitable candidate. However, a consensus revealed that Mr. Cornacchioli came the closest.

As a teacher Mr. Cornacchioli has made us laugh while making us learn. His involvement with the student body extends from sports coach to student council advisor. Mr. Cornacchioli was the motivation behind Homecoming. It is an event that he as well as we as students can be proud of. We appreciate his enthusiasm and in return we dedicate our yearbook to him.

FACULTY
ADMINISTRATION

We wish you well as you step out to prove your worth: to yourself, your family, and the wider community. Many of you will grow to assume leadership positions in society. Some will break loose from parental and community sanctions, reject all authority in our society, and consider yourselves "free," concerned only with what YOU want. Your freedom may be exhilarating until you meet others whose view of freedom is similar. I believe that you will eventually conclude that their rights stop where yours begin, and vice-versa. Furthermore, the "many" will learn soon, and the "some" will learn later, that authority very much involves responsibility for, and service to, those led. The REAL leader does not sit down to eat until he knows that there is food for all who work for him. That kind of authority DESERVES our respect.

Please keep in touch! We need your feedback in order to improve our school for the classes to follow you.

To the Members of the Class of 1975
As you complete your high school education, you will discover that the real journey of your lives has just begun. As you travel the paths you have chosen, I feel that experience will teach you that life is not a book with old age as a last chapter, but rather a series of short stories, each with its own unfolding. Through each new adventure on the way I know that you will learn that true happiness comes to those who give fully of themselves to what they believe in and to their fellowman.

We live in a time that offers unparalleled opportunities for each individual and for our nation. I am confident that you will take hold of these opportunities to achieve greater good for yourselves and for our country.

Where there is life, there is hope; and in you — the graduates of our high schools — there is the fullness of life. Your fellow citizens place their hope in you, and on their behalf I wish you every success for the future.

Neal T. Skillings
Principal Emeritus

Neal T. Skillings

To the Members of the Class of 1975,
It's a distinct privilege to have the opportunity each year to write a few words of parting to a graduating class. The very act of writing such a paragraph requires that you look back and remember with fondness the accomplishments and the good times associated with each class. Too often in the day-to-day encounters with persons we get too involved with the problems and the struggles and it takes an effort to step back and recall the good and solid relationships that have been built. I look back with considerable joy at your years at Wachusett and look ahead to even greater achievements from each of you in the years to come.

It is my hope that each of you will find the time to step back and look in retrospect at your years at Wachusett. The friends made, the lessons learned, and the relationships forged with teachers, administrators and others will, I am sure, mean even more to you as time goes by.

Be assured that we will continue to think of you and ask after your progress as you embark on yet another chapter in your life. My best to each and everyone of you — may the future be bright and your efforts be rewarded. Keep in touch.

Very truly yours,

SENIORS VISIT PUTNAM

Seniors from Mrs. Plaza's Psychology II classes visited the Dempsey Center in Putnam, Connecticut on March 24 and 25. Dempsey, a modern institution for the mentally retarded, succeeds in changing the morbid view that an institution is a place for the unwanted, and helpless. The facilities at Dempsey are the best and the student-teacher ratio (8 to 1) makes for a close personal relationships between the pupils and teachers.

The staff at Dempsey hold the highest regard for those they work with. The mentally retarded are people, human beings with feelings and emotions just like ourselves; the people at Dempsey realize this fact and work to have other people come to the same conclusion.

Wachusett seniors left Dempsey feeling happy and hopeful - happy at what is being done to help the mentally retarded.

LOOK BACK

Despite a low interest in Greaser Day and a heavy snowfall, attendance was good at the Spanish National Honor Society's nostalgic evening, March 19. The greasers heard many golden oldies by the many golden greats of the '50's.

SPIRIT OF '76

Wachusett's Bicentennial events took place on Culture Day, Conflict Day and Consolidation Day beginning April 16. From movies on life in Williamsburg to real-life revolutionists appropriately represented in costumes by several teachers the program was both educational and fun. Patriotic blood was also shed for the Red Cross blood drive.

Teachers gave freely of their time as guest instructors, and students joined in what appeared to be interest and certainly cooperation.

On April 18 Mr. Howard Greis conducted a panel in the auditorium consisting of U. S. Representative Edward Boland: State Sonator Robert Hall; State Representative Edward Harrington; Holden Town Manager William Kennedy; WTAG News Director Donald Richards; Father Louis Dionne, past president of Assumption College and a man who spent several years in the Soviet Union; Mr. Joseph Gribouski and Prof. Stanley Gaunt, experts on food supply and men knowledgeable about its implications on the Third World. The panel discussed America's past and its future directions.

SOPHOMORES ENTERTAINED

Wachusett sophomores who study Tennessee Williams' GLASS MENAGERIE were fortunate that the "Theatre-in-the-Classroom" performers of the Worcester Children's Theatre were able to come twice to Wachusett Regional High School: on April 1 and again on April 8. These students were entertained by the "gentleman caller" scene from the Williams play. Since Wachusett's only obligation was to provide the reasonable facsimile of a couch, Wachusett is particularly grateful for this opportunity for many of its sophomore English students.

BLOOD NEEDED

Massachusetts uses approximately 1,300 pints of blood each day. New techniques have made it possible to separate the various blood components so that each is used as specifically needed for each type of patient. Thus, each pint of blood is used for three different patients--or a total of more than 3,000 patients a day.

TEAMS IN REVIEW

Despite our lack of athletic facilities, Wachusett has done quite well so far this year. Granted, we don't have an adequate football or baseball field, or even a track, we some how manage to get by.

The football team was nothing spectacular, but if you take into consideration what they had to work with, you'll agree that they did quite well...A new trophy was given by the team, in memory of Eric Peterson. The trophy will be given to the year's end outstanding lineman...The girls field hockey team proved to be really strong this year. The girls won most of their games, and only faced a few defeats...Ice Hockey again is another story. We didn't lose many games but the games we lost were usually by a large margin. The highlight of the season was when the Green Machine beat the Auburn Dandies 4-2...The boys basketball team won and lost its share of games this year. They, too, were cramped for space, as five teams had to battle for court time...The girls however overcame this problem, and went on to win the Clark Tournament...Track is a popular sport at WRHS, whether it be cross country, winter, or spring. We have an outstanding track team, that usually takes more than it's share of honors...Spring has sprung and so has baseball. (softball too, for that matter). The baseball team has started out well, with our just two league games ending in victories ...The girls, however, lost their opening game, but never the less they look promising...Tennis is another favorite sport around here. Both teams seem to be ready to challange anyone.

This brings all our sports from September to June up to date. Maybe next year our teams will be bigger, and our facilities better.

GOING PLACES WITH THE CHORUS

The chorus, like the band is going places under the direction of Mrs. Grace Reidy. There are 60 students in the chorus: 11 seniors, 9 juniors, 15 sophomores, and 25 freshmen. (When all the upper classmen have been graduated there will be a strong force to lead the chorus).

Among some of the good things the chorus has done for us have been joint concerts with the band, a bicentennial special concert, "Cry for Freedom", and participated in by other groups, too, involvement in all the New England concerts. Six members of the chorus were in the All New. Eng. concert, 5 in all state. (Janet Fifield, Madeline Wilson, Cheryl Pierce, Ira Wilson and Craig Smith were in All State. Janet Fifield had the honor of being in All Eastern.

The Chorus plans included an exchange concert with another chorus of 85 members, in Essex, Junction, Vermont May 16, 17, and 18 and a concert with The Essex Educational Center here June 1. Director of this group is Mrs. Beverly Cadmus.

Further plans for the Wachusett chorus involved the Artists-in-Residence program in recital which Maryann Kane, Lynne Barriere, Susan Bennett, Juanita Hine, Chris Howard, Janet Fifield, Robin Wills, Craig Smith, Marci Wold and Kathy Wilson.

THE GIRLS' TRACK TEAM had two meets during spring vacation. In the first at Leominster 5 girls took 1st place: Karen Doolittle in the 220 and high jump. Dale Bennett in the javelin, Sue Martel in the mile, and Penny Peck in the discus. In the District III Relays the girls' team placed sixth of 22 schools. First place in the distance medley were Sue Martel, Mary Alice Theriault, Linda Besnia and Dale Bennett. Third place on the sprint medley were Karen Doolittle, Pat Tod, Debbie Belanger and Kathy Warren. Fourth place in the hurdle relay were Kathy Warren, Karen Olson, Dale Bennett and Cindy Price. Fourth in the javelin were Martha Peck, Dale Bennett and Donna Ludden. Fifth place in the shot put were Debbie Lamoureaux, Gwen Richards and Penny Peck.

Dear Editor,

I think you should do an article on student depression in the Wachusett regional area not only in high school but at the junior high. We teens have more troubles today than ever before. So far two people in one week have committed suicide, and more young people may follow if something isn't done. I think all the members of guidance, the faculty, and the student body should get together and figure these problems out. From some of my friends I hear that most problems

1. People always cutting them down.
2. Not ever anything to do.
3. The school is not one but many different groups like jerks, freaks, and middle men.
4. No Spirit.
5. Parent troubles.
6. Can't concentrate in such a restless school.

All of us want help and something done about name-calling and separation.

DANCE CONCERT HELD

Two exciting evenings were enjoyed at Wachusett when the Dance Concert group presented "The Age of Dance" on March 21 and 22. Directed and choreographed by Miss Mary Wanamaker, the group had many high spots, "Age of Aquarius" and the finale, "On a Carousel" being outstanding.

Costumes were colorful and creative made even more effective by the skillful lighting of Robert Evarts.

Laurel Nelson and Janet Kingsbury kept up a lively narration throughout the performance.

Dear Gabby,

My problem is this school. It's so boring. I get good marks but my social life has alot to be desired. I can't stand how everyone cuts everyone down, and how we are not one school but divided into two; the jerks and the big shots, and the freaks. I'm really depressed. I need help and hope you can give me a sensible answer.

Sincerely,
Super Freak

P.S.S. Please print so maybe there'll get the idea?

Dear Super Freak,

Do you think this school is made on only jerks and freaks? I hope not. Many students would not like to be put down that way by you. If you do get good marks, it shows that you are capable of doing things. Why don't you get involved in some activity? There are plenty that might interest you especially at this time of year. It does not however have to do with the school. The towns have both spring and summer activities which might interest you.

Another suggestion might be to change the group that you hang around with. Get outside your "gang" and see the people. Everyone is different and you just need to know a track star or a football player or a member of the spring musical cast. There are some (alot) of great kids at WRHS which do not fall into your groups. Hope I've helped.

Gabby

PIE EATING CONTEST TREMENDOUS SUCCESS

In spring, The Wachusett Swim Team held a fund raising event, a Pie Eating Contest. Although the pie eating contest eventually turned into a pie hurling contest, three teams did manage to finish. The Teacher-Student team of Mr. Cornachiolli and Charlie Gove were first, followed closely by the Student team of Bill Green and Brad Counihan and the Teacher team of Mr. Leonard and Mr. Rasku. The contest raised $130 for the Swim Team. The Swim Team who participated in the contest were Superintendents Mr. Yaglou and Mr. Farrelly, the champion pie hurling team of Jim Hunt and Rick Vanasse, as well as those who paid admission. And Mrs. Linda Radimer, this year's advisor to the swim team.

ENDING OF THE PERIOD

by Cheryl Alicandro

Rustling starts within the room;
Everyone grabs his pencils and books:
Students are on their mark, boom!

They're off through the doors and down
the halls;
Everyone goes every which way;
All of a sudden a ringing bell calls.

Students walk slowly into class;
Some are a few minutes late
Without a strongly wanted pass.

At harvest time
The crop is gathered
Amazing how the one small seed
Has grown into memories.

The basket's full
Of succulent rewards
For the toil that consumed our lives
It is all ours that we reap.

The harvest ends
Spring — we plant again
And attend the growth of our lives
And come fall the harvest 's in.

To Live Quietly

To live quietly is only a mockery of living,
for to live you must take life by the sorrows
and wring from it a lasting joy
that will stay with you till tomorrow

V. Williams

Spring

In the spring
one week out of
one merely month,
a funny feeling
grows upon me
as the moss
runs over rocks,
clinging closely.
Knowing that this erie feeling comes,
I should take action to prevent it,
But I really don't know how.
I'm lost in a
milky fog that,
wraps itself around
my feeble feet,
and tediously tries,
to pull me down.

Penelope Rochette

A Memory

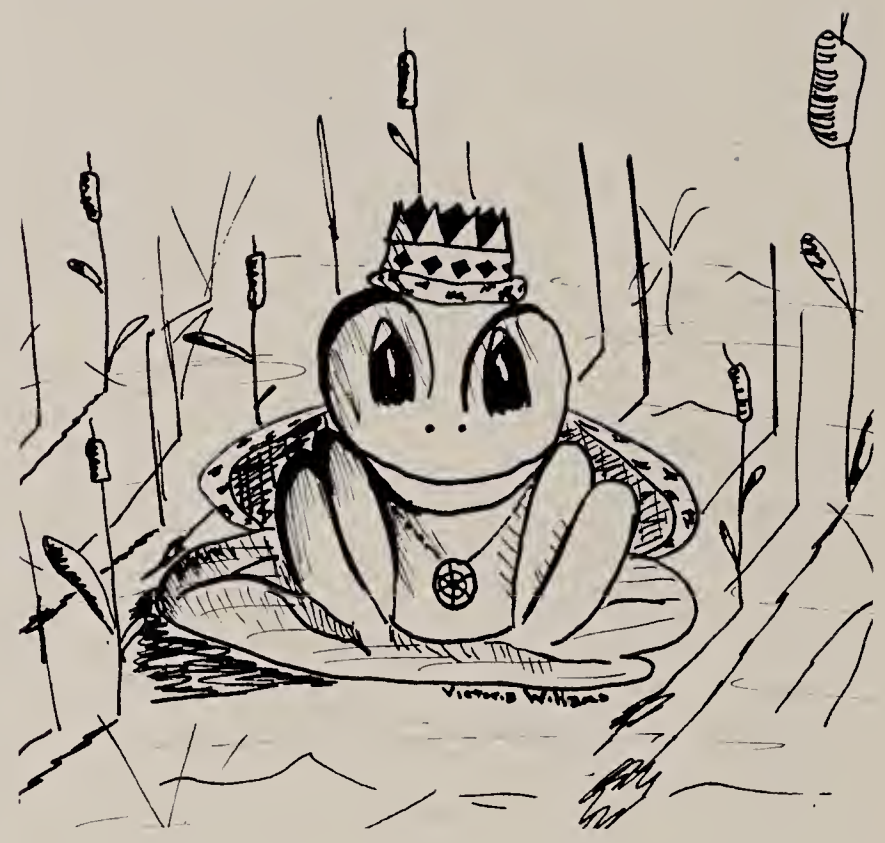
She sat in fatigued silence
her gentle eyes raw with age
She once spoke of life and law and hope;
Her wisdom becoming my truth
And I loved her as I loved my God.

She looked beyond me —
engaged in a dreaded journey
I understood but others questioned

She was waiting alone as
she watched the hourglass spill
its seeds of time upon a motionless
heap of memories passed.

It was through her death
that I fulfilled a new truth.
With luck, one day, my
wisdom will benefit another
as Hers did mine.

Carolyn Dunn



Frogs

They rule the swamp pond life
Sitting on their green flowered islands,
They look like royal kings with green lace.
Yes, they are sly green creatures.

Kim Lengas

Dirt

I would love to be a dirt
It must be a blast
To sit there on the cold hard clay
And watch the worms go past.

Steve Gross

Love Lost

How could I have loved you for so long
Without you returning it
It was like a sad song.
Me, alone without you
Is like a friendship lost among the dew.
So listen to me, my long lost friend and you will hear
A cry, so soft a cry, from one who has lost her love for Living
Please, please, I beg you just come near
And try to do a little giving.

Peggy Calcia

Dane VanBuskirk

Without End

The sea runs on without end, then
the game of life begins. Some people
live quickly, others take time, and
our experiences create lines and
Impressions so our faces, like the sand
show what happens in our souls.

Charlene Jepsen

Death

I walked upon the hill with tired feet
My eyes were blank and could not see the sun
As up I trod into the rising flame
Which engulfed my frame and gave it pause
And then upon the blazing crest
My feet were planted
And I looked down into a fragrant valley
Full of daisies and purple asters
Washing their feet in sunny brooks
I saw the tall guardians of
The flowers bow with love as
I passed beneath their piney boughs
On my way to the quiet calm
That was the center of the field
And there I flung my weary body down
To rest forever between the clouds
And daisy sprinkled ground.

CROSS COUNTRY

VARSITY TEAM

The Wachusett Varsity Track Team had one of its most challenging seasons ever. With scores like 28-29 and 28-27, it's obvious that running isn't as easy as it looks. Bill Harwood placed fourth in the District III's at Gardner and was voted Most Valuable Player.

FIELD HOCKEY

The Girls' Varsity Field Hockey Team tinished the regular season with a record of 6-1-3. The team worked and endured long practices throughout the season and, as always, became "the team to beat." Due to the talent of all the players, especially Cathy Santom, Sarah Trafton, and Kathy Warren, the team participated in the District III's.

The Winter Track Team is coed. Maybe that explains the success of the team — the boys are always chasing the girls or vice-a-versa. Regardless of the team's source of motivation it is evident from their many wins that they are definitely a dedicated team. This dedication was evident in their team spirit as well as their accumulated victories.

Hampered by injury the Wachusett ice hockey team suffered a discouraging year. Adjusting to their new arena and faced with a lack of interest by too many Wachusett students may have compounded the problems for the team. But the boys poured their enthusiasm into the game and managed to upset their chief rival, Auburn, 2-1.

CHEERLEADERS: Danna Ripa, Jadi Carelli, Lynne Bagdis, Kim Skillin, Kathy Saarinen. Raw One: Lynne Brown, Julieane Kamenda, Cheryl White, Lisa Tascana, Jaan Sullivan.

So these are the yearbook editors?!

Wave at the camera, MAT-U.

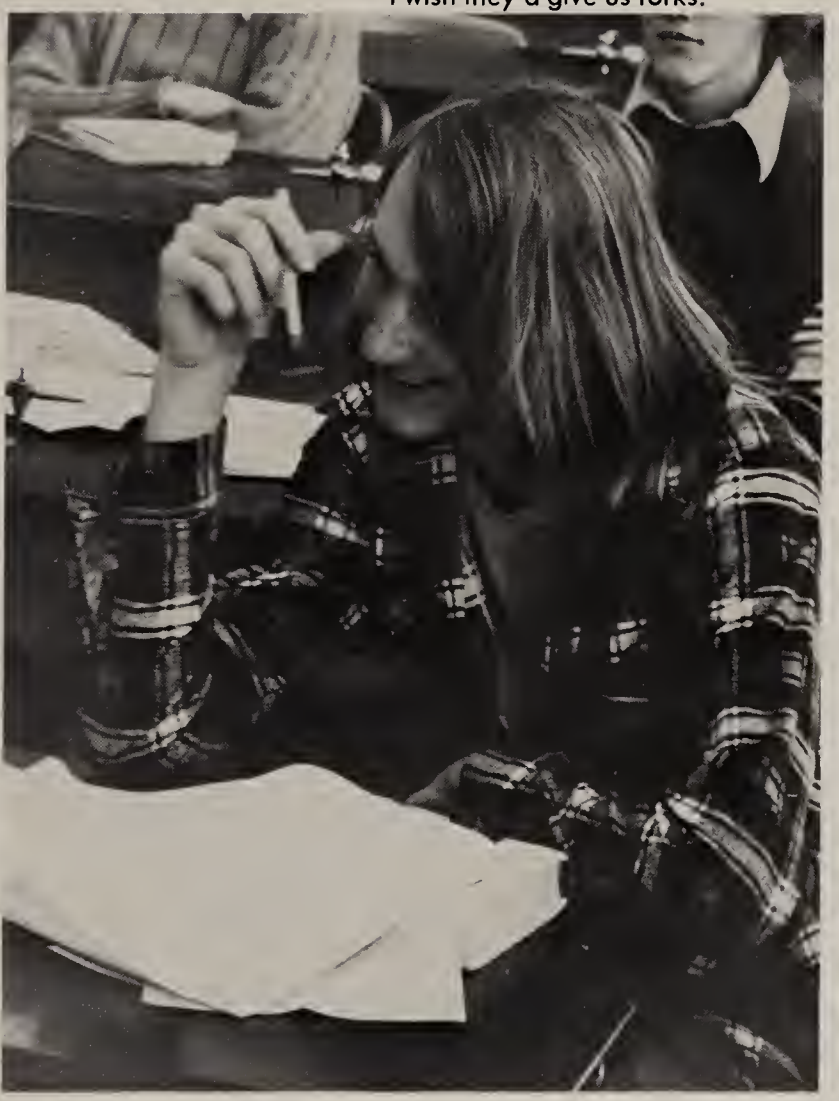
Get down out of that tree, Euell!

"So YOU'RE Rudy DeCruz!"

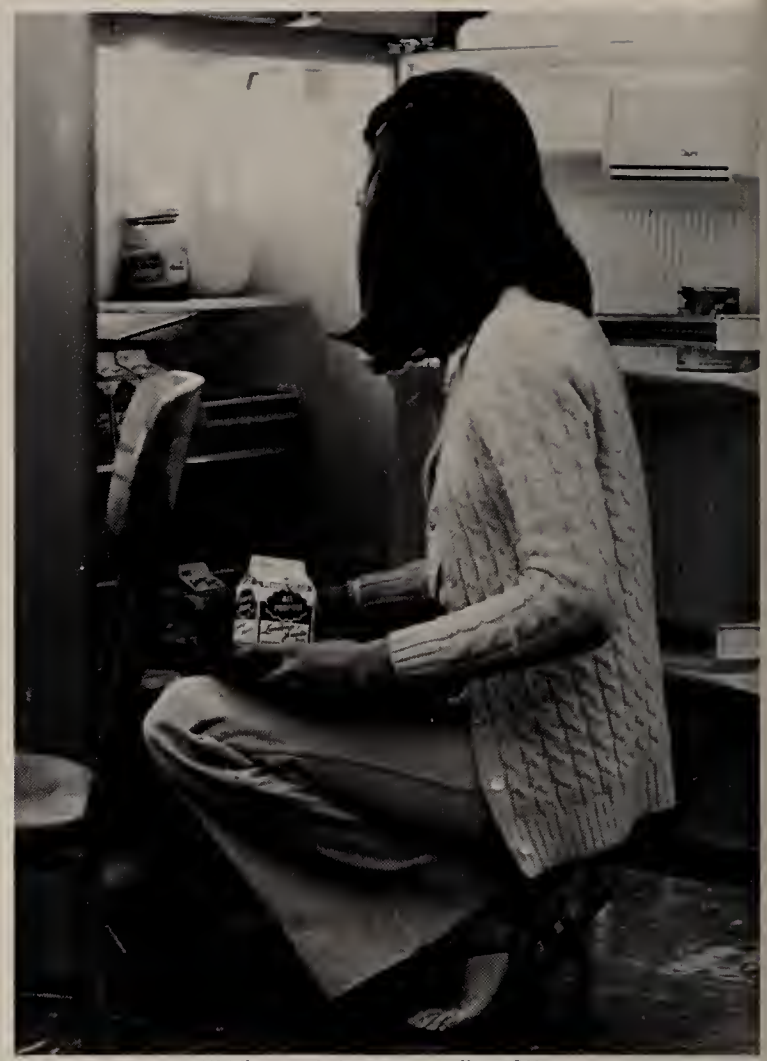
Go Fish!

"Oil me, please!!"

"I wish they'd give us forks."

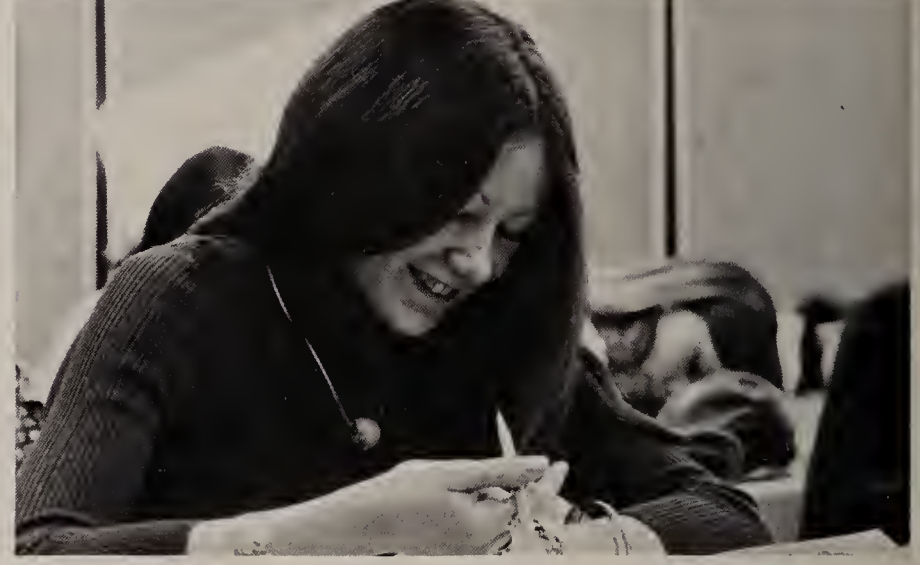


"Well, this one kid came up and handed me a $100 bill."



"Where did I put my flute?"

Turn your head not your book.



The mad scientist.
